HOW TO READ POINTS CHARTS

Your points are your currency to spend as you choose within the Club Wyndham program. For each and every vacation, you decide how many points you want to spend, when and where you want to go, and exactly the right size suite for your travel needs.

5 STEPS TO USING POINTS CHARTS

You'll find a unique points chart for each resort that shows all the suites available at that specific resort. Just follow these 5 simple steps:

- 1.** Use the Vacation Planning Calendars at the back of this Directory to find the week number of your desired travel date.
- 2.** Find the corresponding season* for the week number on the points chart.
- 3.** Choose your desired suite type.
- 4.** Choose your length of stay.
- 5.** Calculate the number of points needed.

When you make your reservations online at [SportsIllustratedResorts.com](https://www.sportsillustratedresorts.com), all these calculations are automatically applied for you.
